Mission

Our goal is to keep our customers safe by providing the best possible fire safety products and services available. We understand the importance of safeguarding your property, assets, and most importantly, your people

Vision

Our vision is to be the leading provider of fire safety products, installation, and maintenance services in the industry. We aim to achieve this by providing highest quality service and products to our valuable customers.

Services

Annual Maintenance Contract

We are a leading fire safety service provider for commercial and residential properties, offering installation, maintenance, and inspection of fire safety equipment and systems. Our customized Annual Maintenance Contracts (AMC) ensure that our clients' fire safety equipment and systems are regularly serviced, inspected, and repaired to keep them in good working order. As a civil defense approved service provider, we meet the highest standards of safety and compliance. In addition, our 24/7 emergency services provide our clients with the support they need during a critical time. Our goal is to provide our clients with comprehensive fire safety solutions that are tailored to their specific needs and budget, ensuring their property and occupants are well-protected with our expertise and commitment to safety.

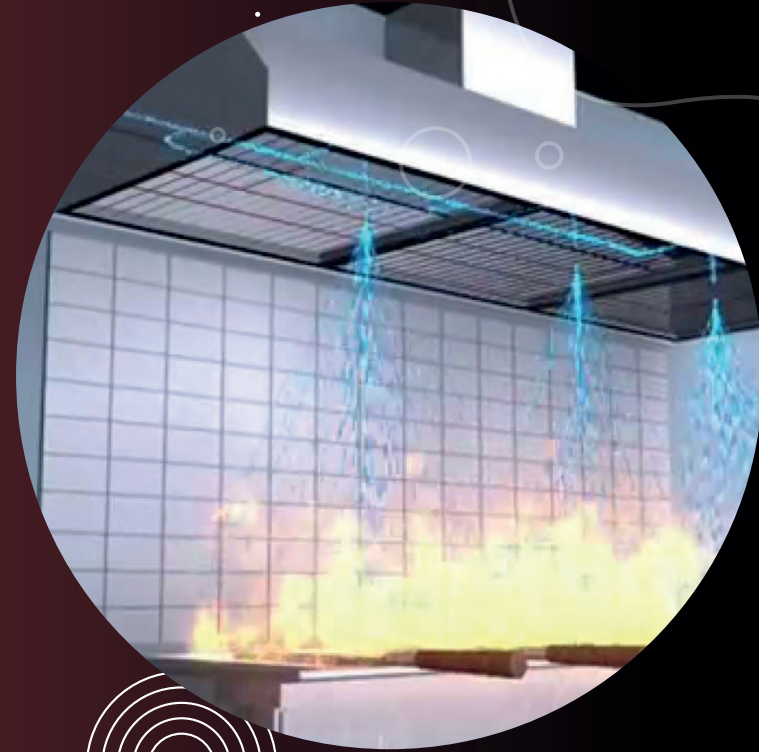

Fire System Products Supply

We are a major supplier of fire system products for commercial and residential properties, offering a wide range of fire safety equipment and systems, including Fire alarms, firefighting, fire extinguishers, FM 200 systems, kitchen fire suppression systems and special systems such as foam suppression systems and water mist systems. Our products are sourced from top manufacturers and are designed to meet local fire safety regulations and standards. Our team of experts provides our clients with professional advice and guidance to help them choose the right fire safety products and systems for their specific needs and budget. Our goal is to provide our clients with high-quality, reliable, and cost-effective fire safety solutions to ensure their property and occupants are well-protected.

Kitchen fire suppression systems

At our company, we understand the importance of fire safety for restaurants, and we are committed to providing high-quality and effective fire safety solutions to protect against kitchen fires. Our kitchen fire suppression systems are sourced from top manufacturers and installed by our experienced team of professionals. We also provide regular maintenance and inspection services to ensure the systems are in good working order and ready to protect against kitchen fires.

Fm 200 and special systems

We specialize in providing customized FM 200 systems and special systems for commercial and residential properties with special requirements. Our team of experienced professionals offers a wide range of systems, including gas suppression systems, pre-action systems, and high-pressure mist systems, all designed to meet local fire safety regulations and standards. We also provide regular maintenance and inspection services to ensure the systems are in good working order and ready to protect against fire emergencies. Our goal is to provide reliable and customized solutions to meet our clients' fire safety needs
